Subject: Draft Class III UIC Permit for Excelsior's Gunnison Copper Recovery Project

Hi Rich,

Please review this draft UIC permit for the Excelsior Gunnison Copper Recovery Project. This is the one that you have been involved in thus far for NHPA and ESA, which have not needed formal consultation. We would like to have ORC review by mid next week to share an initial draft of the permit with Excelsior next week. Our contractor has written this draft with my guidance, and I am working on providing comments to the contractor this week. Let me know if you would like to have a briefing on the draft permit conditions. I can meet with you tomorrow or Friday.

We also should talk about the Aquifer Exemption process associated with this project. Let me know when you can discuss.

Thanks, Nancy
